

Welcome!

We are glad your child is with us today. It's a privilege to serve your child through our Preschool Ministry. We are committed to providing a safe and nurturing environment, allowing us to teach preschoolers to love God and grow in their knowledge and understanding of Him.

Our Preschool Vision:

We recognize that each child is fearfully and wonderfully made. As children grow we see that each child has potential to be an amazing follower of Christ. Through love, worship, Bible stories, and crafts, we pray that our children will come to know and rely upon God as they grow in Him and become more like Him.

By partnering with parents and teaching the word of God we pray that our children will grow strong and serve others in His name.

Some Frequently Asked Questions:

What if my child needs me during service?

Your Family ID number will show on two Call Board Displays located to the left and right of the stage in the main auditorium. If you see your number appear return to the Children's Lobby and a service coordinator will explain what we need.

What if my child needs to use the restroom?

Both a service coordinator and one other adult/ youth helper will escort your child to the restroom and then back to class. If your child wears a diaper and it needs to be changed we will put up your Family ID and meet you in the Children's Lobby.

What if my child is allergic to a snack?

Please let us know at check in if your child has any allergies, illness or medical concerns that would prevent them from having a snack.

Who are the teachers?

All of our lead teachers are members of CHCC and like all volunteers in children ministry, they complete an application and have background and reference checks done.

Who can pickup my child?

A child will only be released to parents when they return their pick up sheet. Other adults may be given permission to pick up but only at your request.

Mommy And Me

"Mommy and Me" are seasonal events opened to preschoolers and their mommies. This is a wonderful time for preschoolers and their moms to interact and learn about God's love, through Bible stories, play, songs and crafts. It is also a wonderful opportunity to invite other preschoolers and their mommies to hear about God's love.
