

Unfailing Love

Verse 1:

We were lost, separated
Blinded by our sin so great
Still you sacrificed your son to set us free

PRE CHORUS:

Your heart for us it will never change
Oh your love, oh your love won't fail us
For you are good and remain the same
Oh your love, oh your love won't fail us

CHORUS:

Your breath
 It fills up our lungs
And your grace
 Is always enough
And our hope
 Is found in your unfailing love - your unfailing love

Verse 2

Found in you, secured in your promises
Life renewed, your Spirit compels us to
Worship you , we raise our hands and sing

Bridge

For all that you are and for all that you do
We lift up our hands in surrender to you
