

# **At Your Name**

## **V1**

You gave Your life for us  
A sacrifice enough  
Defeating death and sin  
At Calvary

## **V2**

And when we turn away  
Remind us of Your grace  
You have already won  
The victory

## **Chorus**

At Your name every chain will break, hearts will change  
At Your name all condemned are free, we believe  
Jesus, Jesus,  
At Your name

## **Bridge**

All the weary and the faint  
All the hurting and afraid  
Call upon the highest name  
Call on Jesus

All the mourning and in pain  
Heavy hearted and ashamed  
Call upon the highest name  
Call on Jesus

In His presence we find peace  
All oppression here will cease  
When we Call upon His name  
Call on Jesus

Our lives were purchased by Your blood  
It is finished love has won  
Now we call upon Your name  
Call on Jesus
