

Forever Sing Your Praise

V1

You are always patient
You are always kind
Even when I wander
You are still by my side

You are ever faithful
You will never fail
Only in Your presence
My soul is satisfied

V2

Standing in Your presence
I am so amazed
That the God of ages
Loves me and knows my name

I am undeserving
Still You give me grace
Who am I that You would
Love me and take my place

Chorus

Your love - like a river roaring
Like an ocean deep and wide
Like a lantern to my feet
Jesus You are all I need

Like a tide that pulls me
Like a fire that lights my way
For this love I can't explain
I'll forever sing Your praise

Bridge

You never fail
You never will
For this love I can't explain
I'll forever sing Your praise
