

Over All

Verse 1

We are not ashamed of what You've done
By Your power by Your grace and through Your son
Give us confidence to share Your truth
Help us reach the people far from You

Verse 2

The lost are ready laborers are few
Help us live with their eternity in view
Show us how to love as You have loved
Send us out until Your kingdom comes

Chorus:

We lift Your name up we lift You high
Over the whole earth and in our lives
That every nation would see Your light
Over all
Over all

Bridge:

The day will come when every knee will bow down
The day will come when all the earth will cry out
Jesus is Lord
Jesus Jesus
