

# Peace

## Verse 1

I was walking in my anxiety, fear surrounded me, I could barely breath.

You invited me to a better life, through your sacrifice, I have been revived.

## Chorus

Peace overwhelming peace, fear has been redeemed

You are guarding me now forever

Peace no anxiety, you're surrounding me

You are all I need now forever

## Verse 2

Letting go of weight I'm not meant to bear, you heard every prayer, you were always there.

You will carry me when I lose my strength, you will give me faith, in your perfect grace.

## Bridge

I will seek first the kingdom of heaven and your righteousness.

I will cling to the promise you've given in your faithfulness.

I will seek first the kingdom of heaven and your righteousness.

I will cling to the promise you've given.
