Miraculous Healing

Act 9:33-43 February 12, 2023

START TALKING | asking questions to get you thinking.

1. Who do children (as well as adults) rely on when they are not feeling well?
2. When someone is healed, when can it be called a miracle?

START SHARING | asking questions that engage with the message.

Pastor Steve defined Miraculous Healing as supernatural: There are no human explanations or coincidences. There were no doctors, medications or rehabilitation required.

3. Read Act 9:32-43. Describe the differences and similarities of the miraculous healings of Aeneas and Tabitha.
4. Read Acts 9:35, 9:42, and Acts 4:13-16. Explain how these miraculous healings are a witness and validation of Jesus' power over sickness and death.
5. How did these two miraculous healings affect those who witnessed them?
6. Read Matthew 9:1-7, John 9:1-3 and John 20:30. Describe how all healing miracles have a greater purpose.
7. Read Romans 5:12, 18-24, 8:23. What do these verses say about sickness/suffering and our future hope in heaven?

START LIVING | asking questions that apply God's Word to daily life.

8. Read James 5:16. How can you encourage someone who you know is sick and suffering?
9. How have you grown as a Christian in response to illness and healing in your life?
