

WHY GO?

We take high school students on Global Encounter Trips because we believe that following Jesus means actively engaging in His mission to reach the world with the hope of the Gospel.

At Canyon Hills, our purpose is to make more and better disciples of Jesus Christ, and a significant part of that is helping students experience sacrificial ministry first and, providing students with unique growth opportunities where they can step outside their comfort zones, share the love of Jesus, and see the gospel at work, transforming lives and deepening their own faith while broadening their understanding of God's heart for all people.

STAYING IN THE DR

The health & safety of the team is our most important role. We partner with M2535 on these protocols as well as having our own team members dedicated to medical & safety needs to provide the best care from beginning to end.

The campus is gated with security guards onsite. Housing consists of group dorms with bathrooms, showers, and cool air conditioning, providing a comfortable and fun space for our team to recharge and prepare for ministry. Meals are prepared onsite using quality ingredients from trusted suppliers and they ensure that clean drinking water is available for our team at all times and locations.

MINISTRY PARTNER

MISSION 2535

led by Rick & Tammie Romano

Mission 2535 is a gospel focused ministry that is making a difference in the Dominican Republic through their support of local churches, and planting new ones in the mountainous northern region of the country. By living out the teachings of Christ in Matthew Chapter 25, they are caring for the people by implementing solutions that address the greatest physical needs of Clean Water, Food, Healthcare & Job Training. Through this, Mission 2535 is reaching people with the hope of the gospel.

God is working in the Dominican Republic.
Will you GO and partner with the Lord in His Kingdom work?
