

Why go?

We take high school students on Global Encounter Trips because we believe that following Jesus means actively engaging in His mission to reach the world with the hope of the Gospel.

At Canyon Hills, our purpose is to make more and better disciples of Jesus Christ, and a significant part of that is helping students experience sacrificial ministry first and, providing students with unique growth opportunities where they can step outside their comfort zones, share the love of Jesus, and see the gospel at work, transforming lives and deepening their own faith while broadening their understanding of God's heart for all people.

STAYING IN MISSISSIPPI

The team is hosted by our friends at Maddison Methodist Church in Maddison, MS. Their church has been so hospitable to us for years providing comfortable sleeping arrangements, amazing southern meals, and kind service all around as they pride themselves in hosting teams around the US for trips within Mississippi.

We Will Go desires to serve their neighbors and what started as a desire to love their neighbors has grown into a community movement supported by volunteers, donors, and churches. Today, We Will Go focuses on education, essential food, and engagement—providing groceries to low-income families, afterschool literacy programs, and various learning opportunities. At its heart, every effort is centered on sharing the love of Christ and the hope of the gospel with the people of Jackson.

God is working in Mississippi, Will you GO and partner with the Lord in His Kingdom work?
