LIFE GROUPS

Putting On Patience – Colossians 3:12-13

May 3rd, 2026 / Pastor Koby Orr

START TALKING | *Get your group thinking.*

1. What's a small, everyday situation that tests your patience way more than it should? (i.e. slow drivers, long lines, technology issues, etc.)

START SHARING | *Get your group engaging with the message.*

2. Patience was defined as a "Spirit-produced, long-tempered response to difficult people." How does this definition differ from the way patience is commonly understood in everyday culture?
3. In Colossians 3:12-14, patience is included in a list of Christlike qualities. What does its inclusion in that list reveal about how important patience is in the life of a follower of Jesus?
4. God is described as "slow to anger." Patience is part of His nature (Psalm 103:8; 2 Peter 3:9). How do the descriptions of God in these verses help us understand why patience is such a big deal in the Christian life?
5. Pastor Koby contrasted patience and impatience in relationships. Based on what he taught us, how does impatience tend to damage relationships, and how does patience help hold them together?

START LIVING | *Get your group applying God's Word to daily life.*

6. When you start to feel impatient, what tends to be going on in your heart (expectations, control, pride, etc.), and how could remembering the gospel change your response?
7. Who in your life currently requires the most patience from you, and what's one intentional step you can take this week to respond to them more patiently?
