1. What's something you just couldn't stop talking about? (Like a restaurant, a show or a product.)

2. Pastor Jon said, "The word disciple means follower or learner," but a disciple is also "someone who's transformed by Jesus, is following Jesus and is on mission with Jesus." Why do you think all three of these go together?

3. In verse 17, Matthew admits that some of the disciples still doubted, and Jesus still sent them out. What does that tell us about the kind of people Jesus uses?

4. Read Ephesians 2:10. God didn't just save us from our sin. He saved us into his family to be part of his mission. How does that change the way we see ourselves as believers?

5. Pastor Jon said, "It is easy to confuse the things we're commanded to do in church for the reason we do them." What's the difference between what we do at church and why the church exists?

6. Making disciples isn't something we squeeze in when it's convenient. Who are you currently discipling? If you aren't discipling anyone, where is God giving you a chance to make disciples?
